Gloucestershire's Economic Strategy

An new economic strategy is being prepared for the county.

Key topics and priorities which feature in the new strategy will include:

- Zero carbon - the move towards a net carbon zero economy is one of the main principles of the economic strategy
- Inclusive growth - to ensure every resident and business has equal access to opportunities
- Skills and employment - drawing on the existing work of the county council, the district councils and CFirst LEP to reduce skills gaps in the workforce

Other key areas include supporting sustainable growth, ensuring businesses have the support they need, securing inward investment and improving access and availability to digital technology.

The transition to the green economy is an urgent priority for Gloucestershire and the aim is to meet the 2045 net zero emissions target while promoting economic growth.

INSIGHT INTO UNIVERSITY

Thank you to our supporters:

HELP STUDENTS DECIDE WHETHER UNIVERSITY IS THE ROUTE FOR THEM

Insight into University is a comprehensive virtual experience allowing students to explore STEM studies at university and the career opportunities that these subjects lead to. It provides access to information on student life, STEM projects and activities set by leading UK universities and global STEM companies, first year undergraduate lectures, live interactive sessions with academics, admissions tutors, employers and current students.

Whether young people are interested in life sciences, chemistry, biomedical, forensic science, robotics, food science, electronics, engineering, physics, computer science, sustainability, materials science, aerospace, built environment, tech or maths, we have something for them. With specially developed content and live sessions from universities including University of **Cambridge, Sheffield, Lancaster, Abertay, UCL, Oxford, Liverpool, Plymouth, Edinburgh, Birmingham, Warwick, Kingston, Nottingham, Strathclyde**. We will also have some fantastic workshops and careers guidance from organisations such as Innovate UK, GSK, GE, Tech Partnership, Rolls Royce and more.

The unique feature of this course is that students are able to access content from a diverse range of STEM subjects and will be able to tailor a course that suits their interest.

On successful completion of the course, which involves 30 hrs of study, students will receive a Silver Industrial Cadets award and be in a position to make a more informed decision for their UCAS application.

INSIGHT INTO UNIVERSITY

When is it?

The experience will run from **1st July until 23rd August 2024** and can be completed flexibly to fit around other commitments and study at a pace that suits individual circumstances.

Who is it for?

The experience is open to all students age 16+ and is suitable for all abilities, with activities that cover different levels of advanced study.

All students need is a genuine interest in STEM and inquisitiveness about what the future can hold for them and how they can help get themselves there.

How to apply?

Applications open on 4th March 2024. Visit our website <https://www.etrust.org.uk/insight-into-university> or scan the QR code to register your interest!

Cost: £95

Fully funded places are available if cost is a barrier, please indicate your interest on the application form

What our students say

"I've absolutely loved every minute of this course. I found the live sessions in particular very inspiring and informative, and all of the taster lectures were both accessible and challenging. I'm really excited to continue with my STEM studies."

"This course absolutely helped me with my future education and career path. The way I was able to choose which activities or lectures I wanted to complete was undeniably useful as it meant I could tailor a course to suit me. This was a thoroughly enjoyable experience."

"I really enjoyed the course and feel much more confident in applying to university having done it. The live sessions were very interesting and I was blown away by the wide range of choice of sessions."

92%

of students felt that the skills and knowledge that they gained from the course will have a positive impact on their future studies and career.

86%

of students felt confident or very confident in making their future study and career choices after completing the virtual experience.

Year 13 – Not going to Uni: Next Steps workshops

BRAVE are hosting a free workshop for all year 13 students that have decided not to go to university, to help prepare them and get them ready for their next step into employment. See poster below for more details. If interested in attending, complete the registration form [HERE](#).

Are you finishing school this summer and looking for support with your next step?

Then look no further. We are running three free workshops for current year 13 students who are wanting to enter into employment after finishing school this summer.

The workshops will be informal, fun and full of insights where attendees will have the opportunity to explore the following four areas:

1. Gain an understanding of their strengths and how to best sell themselves
2. Learn tips and tricks with searching for their ideal role and make approaches
3. Support with CV drafting to set them up for success
4. Training on interview technique and preparation

We will be running these workshops at The Isbourne in Cheltenham on:

Thursday 9th May 4-7pm

Tuesday 18th June 2-5pm

Thursday 4th July 2-5pm

So if you know someone who is finishing school this summer and would like some support in their next steps then please send them this link to complete the registration form and we will be in touch.
