Law Insight Evening - Charles Russell Speechlys for year 10, 11, 12 & 13 students

On Wednesday 16th June, we will be hosting an Insight to Law event alongside Charles Russell Speechlys.

Charles Russell Speechlys are a top 30-law firm headquartered in London with offices across the UK, Europe, Asia and the Middle East and revenues of £120 million. Over the course of the evening, we will provide students with a really great insight into how a law firm works and makes money, the different departments they have, and an opportunity to talk with lots of different solicitors.

Insight to Law:

- Wednesday 16th June, 5pm - 6pm
- An insight to law, their different departments and areas of work (including non-law routes)
- Breakout rooms with solicitors in talking about different areas of law
- Client relationships and winning new business
- Workshops & interactive sessions
- Summer Work Experience opportunities!

Application Link:

<https://www.research.net/r/CRS-Law>

We have limited spaces so I would encourage you to book soon to secure your place.

STUDY HIGHER

ACCESSIBILITY IN HIGHER EDUCATION WEBINAR

Do you want to find out more about disability support in higher education? Would you like to know how to apply to higher education as a disabled student and hear from former students? **Join our free webinar!**

Join our Zoom Webinar
Thursday 8th July | 5-6pm

DO YOU HAVE ANY QUESTIONS ABOUT THIS EVENT?

Scan or click the QR code to chat to Charlotte!
Or alternatively, email us: info@studyhigher.ac.uk

CLICK HERE TO BOOK ON TO THE EVENT!

We will outline the steps that need to be taken in applications to higher education. We will also hear some real life experiences of using disability support.

You will hear from:

- ▶ Study Higher
- ▶ Disability Support Officer
- ▶ A Graduate Ambassador who accessed disability support: sharing personal experiences & top tips for applications
- ▶ An Inspirational Story: school to career

OXFORD BROOKES UNIVERSITY **BUCKINGHAMSHIRE NEW UNIVERSITY** **University of Reading** **UNIVERSITY OF OXFORD**

Uni-Connect programme [Study Higher](#) is excited to announce that they will be holding a webinar on *Accessibility in Higher Education*. The webinar will take place on **8th July 5-6pm** and aims to advise students on applying to university as a disabled student. Students will be sent in the post an accompanying handout containing an 'application checklist' and 'questions to ask at open days' checklist.

Registration

[Find out more and register here](#)

The session will cover:

- Advice on where to go for disability support (from a Disability Support Officer at Oxford Brookes)
- Advice on questions to ask when researching higher education
- Advice on the Disabled Students Allowance (DSA)
- Insight from a recent university graduate on accessing disability support
- Hear from a disabled graduate about the transition from school to career

Apprentice Carpet and Flooring

Dobson Flooring in Cheltenham are a long established Carpet and Flooring Supplier and are looking to take on a school leaver for an Apprenticeship in Carpet and Flooring Fitting.

We are taking applications by email to start with and emails should be sent to Paul Dobson, email address; dobsonpaul@btinternet.com

Our website address is www.dobsonflooring.co.uk for your information.

STEM Work Experience Opportunities - Year 10-13

We are inviting your students to participate in two fantastic virtual work experience opportunities this summer hosted by Tata Consultancy Services (TCS) & National Grid.

TCS Digital Explorers 2021 - 28th June-1st July 2021

[Tata Consultancy Services \(TCS\)](#) would like to offer your **Year 10-12** students access to a range of fantastic live events as part of their award winning 'Digital Explorers' programme. Students interested in the technology/digital sector will have the unique chance to attend four daily live events that last between 1-1.5 hours featuring digital experts and speakers. [To learn more about the events click here.](#)

Students in Years 10-12 can register by clicking the button below. Students are encouraged to join all four events, however they are able to choose which events they attend and attending all four is not a requirement of the programme. You are also welcome to invite whole classes along. If you plan to engage a whole class, please email [Sam](#) to confirm arrangements. Applications close on Monday 21st June 2021.

Sign up by clicking on this link below:

<https://docs.google.com/forms/d/e/1FAIpQLSdGogEZ5oWrb6YKsH8d4oNC3i4XD5DTArDYEPqL7Gyh2XXqyw/viewform>

National Grid Virtual Work Experience - 5th-9th July 2021

Multinational energy company [National Grid](#) are offering your **Year 12/13** students the chance to participate in a five-day virtual work experience. Focusing on sustainability, students will learn more about what National Grid are doing to help the UK reach Net-Zero by 2030, meet employees through live daily sessions and access employability skills content.

There will be two hours of live content daily (09:00-10:00 & 13:00-14:00pm) with the remaining time designed to be flexible to fit around other commitments. The programme is open to all students including those interested in a career in the energy sector! Students can sign-up using the link below; they will then be prompted to fill in a short application form (this should take no longer than ten minutes). We will then get in touch with all students confirming their spots and send further details.

Sign up by clicking on the link below:

Apply Cambridge

This is just a reminder, this programme is still open to applications and students have until **midnight on Friday 18th June** to apply.

Apply: Cambridge is a specialist and free programme designed to support highly able students from underrepresented backgrounds and areas to make successful applications to the University of Cambridge.

The programme will be delivered by Cambridge staff and admissions tutors who will be sharing their expertise on the application process. We will work with your students every step of the way over a 6-month period, helping them to navigate the process and effectively prepare for their Cambridge application.

The programme will be delivered entirely online and will run from 19 July 2021 until the end of January 2022.

Participants will be able to access

- Information webinars
- Interactive workshops
- Guided learning opportunities
- Q&A sessions with Admissions Tutors and current students
- Mentoring from a current student at the University of Cambridge

Apply: Cambridge is a great opportunity and we welcome applications from any of your students who meet **both** the eligibility and priority criteria.

To learn more about the programme and to review the eligibility and priority criteria please visit our website - <https://www.undergraduate.study.cam.ac.uk/find-out-more/widening-participation/apply-cambridge>.

Please also find a copy of the “Information Booklet” embedded on the top right-hand side of webpage, we would encourage you to share this document with your students, asking them to read it carefully before they submit an application.

Applications close at **midnight on Friday 18th June** so please ask them to apply early to ensure they do not miss the chance to be considered.

If you have any questions about the programme, please direct your enquiries to applycambridge@admin.cam.ac.uk

Develop student's employability with Burberry

British luxury fashion house Burberry have just launched a brand new online platform called Burberry Engage, a place for young people to connect with Burberry. Burberry Engage aims to help young people in Key Stages 4 - 5 to develop new skills and broaden their career horizons through the following;

- **Employability skills development** – bite sized learning modules, mapped to **Skills Builder** and packed with videos and insights from Burberry industry experts, sharing their experience of building employability skills in the workplace. These modules support young people to develop the following skills;

- **Digital mentoring** – Burberry mentors from a wide range of business areas are available to answer student's questions about their job role, career journey and more!

- **Burberry's Online Creative Challenge** – This opportunity is open to Key Stage 3, 4 and 5 students, who will have the chance to win a trip to Burberry's London or Leeds HQ – to meet their employees! Individuals can submit their creative ideas to a sustainability focused design challenge for their age group – sharing their vision of fashion in the future with Burberry! 60 competition finalists will visit Burberry HQ in Autumn 2021. The competition closes on **Thursday 24th June 2021**.

[Go to Burberry Engage](#)

Any questions? Please contact Hannah at MyKindaFuture (hannah.weston@mykindafuture.com)

I am writing to highlight two upcoming events at Lancaster University that I believe will be beneficial to both your students and yourself.

For your students, our [Faculty of Arts and Social Sciences Taster Week](#) will be taking place between 14-18 June. The week-long programme features a programme bursting with over 23 sessions from the varied departments across the humanities, creative arts and social sciences at Lancaster, as well as sessions on starting an EPQ for students about to embark on this over the summer period.

[Students can book a place here.](#)

The theme of the week this year is 'Horizons,' showcasing the forward thinking and progressive nature of the arts and social sciences subjects at Lancaster University. Experience taster lectures, hear from current students, listen to our keynote speaker on how studying a degree in the arts at Lancaster has led to a distinguished and varied career in the arts sector, and learn about how an arts and social sciences degree will equip you with the skills needed in an ever-changing world.

The week promises to be full of thought-provoking content that will help any student considering a degree in the arts and social sciences in the process of honing which discipline to consider, the value of such a degree post-pandemic and the wealth of support and vibrant creative community on offer at Lancaster. Not only beneficial to students considering their degree choices, the event will also be useful to students in Year 13/Level 3 Year 2 students looking for revision resources as we will be providing attendees with reading lists and academic resources to aid students with their exam preparation/EPQ research process.

For you, we are delighted to extend an invitation to **Lancaster University's Online Teachers and Advisers Conference 2021**. Our focus this year is on exploring what makes higher education a valuable experience and how students are supported through application to graduation and beyond.

The Conference will take place over two days, **Tuesday 15th June - Wednesday 16th June**, made up of short sessions running live between **10:00** and **14:00**. You will hear from our world-class researchers, current students, careers support and our outreach and admissions teams, our partner UA92 and our fabulous Pro-Vice-Chancellor for Engagement, Professor Dame Sue Black. There will be plenty of opportunity for you to ask questions and interact with us. We realise it's a busy time for teachers, so if you can't make it on the day, we are then offering the option to view the conference sessions at a time that suits you, via the **Conference on demand** service that will be active on our website until Friday 30th July. See the [full programme](#) for the conference on our website and [register your place](#).

Virtual Open Day – Saturday 3 July 2021

we have run a number of in-person, external campus tours at our Cathays Park campus over half term and are excited to welcome visitors back to campus. If any of your students would like to visit, please ask them to keep an eye on our [website](#) , as we will be releasing further dates in due course. In the meantime, however, they may like to join us on our [next virtual Open Day](#), which will be taking place on Saturday 3 July.

Life as a doctor webinar

My name is Dr Adam Jakes, a medical registrar working in central London with my colleague Benjamin Allison, a final year medical student at King's College London.

We are acutely aware of the disruption that COVID-19 has caused to everyone and in relation to this email specifically, the ability to obtain clinical work experience for prospective medical school applicants. Considering this, we have created an online medical work experience webinar. We aim to make this an interactive experience where students can learn about the life of a doctor from the safety of their homes. We will be covering several topics including medicine, surgery, night shifts, work-life balance and hot topics. We will also be introducing skills such as history taking, clinical examination, use of a stethoscope and ECG interpretation.

Furthermore, we will be hosting a Q&A session at the end to give students the chance to speak directly to junior doctors and get all their queries answered.

We are hosting our first webinar on **19th July 2021 6pm – 8pm**, so this will be perfect for both students who have already applied to strengthen their experience for interviews and those who are thinking about applying in 2021.

There is a cost of **£25 per person**, which will cover the cost of staff, a certificate of attendance and access to a WhatsApp group for ongoing support.

Registration for the '**LIFE AS A DOCTOR**' webinar can be completed here: www.doctorjakes.com/mbbs
We also offer a '**LIFE AS A DENTIST**' webinar for those who are interested in pursuing a career in dentistry. www.doctorjakes.com/dentist

DOCTOR
ADAM JAKES

Life as a Doctor

Virtual Career Experience

Get insight into the roles and responsibilities of one of the most rewarding careers.
Hear from London-based NHS junior doctors and participate in a Q&A session following the webinar.

With COVID-19 making it difficult to access clinical shadowing and work experience, this webinar will give students the opportunity to get experience and a better understanding of 'life as a doctor' from the comfort of your own home.

Topics covered:	Skills we will introduce:
<ul style="list-style-type: none">• Medicine• Surgery• Specialities• Night shifts• Work-life balance• Hot topics• Question & Answers	<ul style="list-style-type: none">• History taking• Clinical examination• The secrets of the Stethoscope• ECG interpretation• Chest x-ray• Blood sampling• Intravenous cannulation

When: 19th July 2021 (6:00pm - 8:00pm UK time)

Cost: £25 per person
(includes certificate of attendance and dedicated WhatsApp group for ongoing support)

Book now
www.DoctorJakes.com/mbbs

For further queries about our webinars, please contact: adam@doctorjakes.com

We also offer a '**LIFE AS A DENTIST**' webinar: www.DoctorJakes.com/dentist

The Study in the Midlands Webinar

At the Study in the Midlands online webinar, you can find out more about university opportunities in the East Midlands and the West Midlands - as well as watching key university guidance information which will allow you to make fantastic university choices.

BASE

BRITISH
ARMY
SUPPORTING
EDUCATION

IT and Computing roles
are essential to success
on the battlefield

Roles in IT and Computing are essential for ensuring Army troops worldwide can stay connected on the battlefield, and technical information can be analysed and turned into meaningful intelligence.

If your students are passionate about data, communication systems and cyber intelligence, a Computing role in the Army could be for them. From an [Operator](#) [Technical Intelligence](#) to [Electronic Warfare & Signals Intelligence](#), click below to discover the wide range of roles available.

Explore roles

DO YOUR STUDENTS HAVE WHAT IT TAKES TO BECOME A CYBER ENGINEER?

Cyber Engineers in the Army focus on one of three trades:

- Information Services Engineers manage, configure and deploy a wide range of systems
- Networks Engineers ensure frontline troops and Commanders can communicate worldwide
- Infrastructure engineers are experts in building voice and data telecommunications networks

Our [video on Cyber Engineers](#) gives an extra insight into the role and what they can expect – why not forward this email to a student who might be interested?

Kier Construction- Virtual Work Experience 21st-25th June year 11, 12 &13 students

Kier Construction based in Gloucester are hosting Virtual Work Experience between the **21st and 25th June 2021** available to schools and colleges throughout Gloucestershire. The opportunity is open to students in **all** year groups and will cover many different elements within the construction industry.

This will be a fantastic experience to highlight the opportunities working directly within construction and the range of hidden non-construction roles in Kier Construction. Students will have a perfect opportunity to engage with their peers during the work experience and Kier staff members working within Gloucestershire.

If you are interested in this opportunity, please contact careers@bournside.gloucs.sch.uk by **Monday 14th June** stating your name, tutor group and year. Year 12 students can only attend this if it is during a free period or if this is the career you wish to pursue post 18 then please contact the Careers Team and we will try to accommodate you.

Virtual Work Experience

21st - 25th June

Kier Construction are offering Virtual Work Experience to schools and colleges throughout Gloucestershire to highlight many different business elements within our industry. We want to take this opportunity to highlight the different opportunities within construction and why it is not as limited as many people may think.

This is the perfect opportunity to engage with different students and staff members within our city.

The week will consist of working with colleagues at Kier Construction to understand their job role within our business, complete tasks set by colleagues and begin to understand how the roles work with a hands on experience by completing tasks and virtual activities.

Each day will include an introduction to the business from our Operations Director, Andy Bolas.

How to get involved?

Complete interest form and email to Roxanne at GFirst LEP to register and find out more information.

21st June - Business Development & Quantity Surveying

22nd June - Operation Management

23rd June - AM - Site Management

23th June - PM - HR & Recruitment

24th June - AM - Administration & Support

24th - PM - Event Management

Each day there will be a number of activities to help young people gain experience of various roles within the Construction industry.

Together we will help to shape the future of young people from our local communities.

**Committed to building a
stronger community.**

Pathways to Property Summer School - Last Chance for Year 12 students to apply

Pathways to Property, at Henley Business School, University of Reading is a charity-funded initiative launched to raise awareness of and aspirations about the vast range of careers within the property sector. Pathways to Property is hosting its ninth Summer School for Year 12 students from 19 – 21st July and applications are closing soon (30th June) so it is the last chance for your students to apply.

The Summer School is a fully funded, 3-day online programme for Year 12 students. During the week, students will attend taster lectures, experience online site visits, take part in a group project and debate and learn to network with key employers in the industry. At the end of the week, if they are keen to learn more about property they can complete a **funded work experience placement** over October half term, have access to our **e-mentoring programme**, and if they choose to study a property related degree, can **apply for a bursary of up to £30,000 over three years**.

To date, over 700 students have attended the Summer School and 24% of these have chosen to pursue a career in property – either through studying a property related degree at University or completing a property related apprenticeship.

APPLICATIONS FOR THE SUMMER SCHOOL ARE CLOSING ON 30th JUNE. The 2021 Summer School will take place from 19-21 July and will be held online due to COVID-19 restrictions. [Apply here](#)

Students who are too young to join our Summer School can instead join our **OOC (Open Online Course)**. The OOC is a three week, free, online course designed by leading academics at Henley Business School to excite young people about a career in property and signpost them to resources that can support them while making the step into the industry. This course is designed for students in Year 9 and upwards and can be completed in their own time, requiring only 6 hours of study. This course has started and will run throughout the year.
