# LinkedIn Masterclass

## LinkedIn Masterclass

To help your students make a splash and maximise the potential of their early careers we'd encourage you to let them know about this event! Over 750 million people use LinkedIn but not everyone knows how to use it well.

We're therefore keen to remind you about our upcoming LinkedIn Masterclass with LinkedIn experts.

Turning a LinkedIn profile into an engaging reflection of their achievements and ambitions is an invaluable skill to pick up on their way to becoming highly employable.

If they know how to get the most out of the world's biggest professional network they'll really accelerate their early career and set themselves apart.

Your students will be hearing from Brian and KL on the 22nd November where they'll give them all sorts of valuable advice like:

- Learning about the LinkedIn professional mindset.
- Why a strong and active LinkedIn profile is a valuable asset.
  - How to build professional networks early.
  - Why establish themselves before the graduate rush?
  - How to interact with start-ups and industry leaders.
- Why display all their career achievements in one profile?

## **PWC – Degree Programmes**

On one of our Flying Start degree programmes, students have the opportunity to go to university and start their career at the same time. They'll get to work with world-class clients and be part of our highly skilled teams. Studying at university they'll get to experience the full-time student lifestyle, but with integrated paid placements at PwC, they'll have some money to enjoy it too. They'll gain a degree, and hopefully impress us enough to secure a graduate job with us after they graduate.

We've launched three new Flying Start programmes this year and would like to encourage you to find out more...
