Year 12 – STEM Work Experience 2023

The University of Bristol offers a range of exciting STEM based work experience programmes in the Life Sciences, Sciences and Engineering subject areas. These week long programmes, taking place in June/July will involve a lot of practical, lab-based sessions where the students will get hands on experience with state of the art scientific equipment. They are designed to allow all students to build their self-confidence, immerse themselves in a scientific environment and gain a better understanding of what science skills, courses and careers are available. Use the appropriate application form on the website <https://www.bristol.ac.uk/study/outreach/post-16/stem-up/> to apply for a place and email any questions to: outreach-fls@bristol.ac.uk

Year 12 and 13 – SJP Apprenticeship and Internships

SJP Apprenticeship and Sixth Form Internship opportunities for 2023 are now live on their website!

Apprenticeships

The Apprenticeship programme at SJP is a brilliant way to kick start your career once you have completed your A-levels/BTEC triple award or equivalent. Candidates must hold GCSE Maths and English at a C/5 grade. We have a huge variety of opportunities around the business including Risk, Investments, Private Clients, Property, Finance and more. You are able to study whilst you working, completing a level 3+ qualification, with opportunities to further study once completed the programme. Apprentices are paid £18,155 and are hired on a permanent contract.

Applicants must be in their final year of Sixth Form/College to apply.

Internships

Sixth Form Internships are a great insight into what it may be like to work as an Apprentice in the financial services industry. The internship is a 4-week paid opportunity in either our Partner Lending team or in our Business Development & Advice team. This internship will provide you with invaluable work experience that will set you up for your future career, and is also a pathway into the Apprenticeship programme. Successful interns will fast track the application process for an apprenticeship role of their choice (of those available).

Applicants must be in their penultimate year of Sixth Form/College, and will have a desire to pursue an Apprenticeship with SJP.

If you have any questions or issues with applying, please contact the team using the email: early.careers@sjp.co.uk

Please find the 2023 Apprentice and Intern opportunities by following the link: <https://sjp.csod.com/ux/ats/careersite/4/home?c=sjp>

Year 13 – PwC Flying Start Degree

There's still time to submit your application for one of PwC's [Flying Start degree programmes](#), before the UCAS deadline on 25 January 2023.

Earn. Learn. Fulfil your potential.

We want you to feel empowered in your career from the moment you join us. With opportunities in [Accounting](#) or [Technology](#), you'll earn a salary and fast-track your career while studying for your chosen subject.
