 Two route options: Mechatronics and Design Engineering

Applications open now for:

- Building services Engineering Apprentice
- Electrical Apprentice

Requirements: Grade 4 in English & Maths

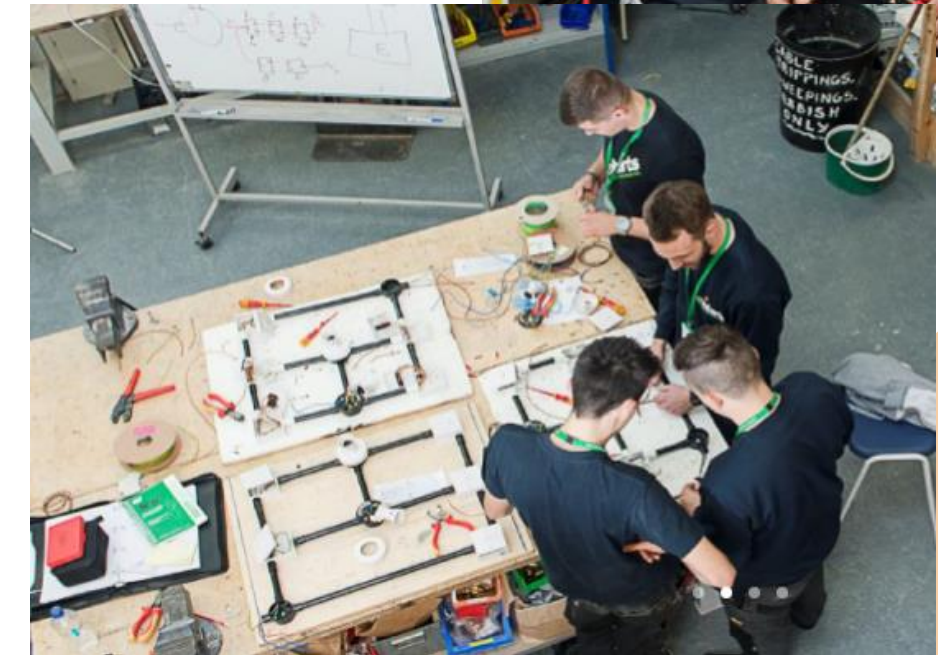

Apprenticeships at CF Roberts

CF Roberts is one of the UK's leading providers of mechanical and electrical design, installation and maintenance services. A family business since 1935 we are now established as a major force in the construction industry. We deal with small scale local works to multi million pound developments for major corporations and leading brands.

We have been offering apprenticeships for over 30 years! Every year we take on 12 Electrical and 5 Heating and Ventilation apprentices. Working in partnership with our training providers, we mentor our apprentices over a 4 year period to become qualified engineers. Upon completion; you will have obtained a Level 3 NVQ Diploma and under the supervision of a seasoned mentor, have had extensive hands on experience of working on various sites.

However, this doesn't have to be the end of your time with CF Roberts... Many of our apprentices stay on with the company, some of which have been with us now in excess of 15 years!

Careers Events

Year 9 Animal Experience Day

Date: 7th & 8th June, must be able to attend both days

Location: SGS College, Stroud and Hartpury University

FREE EVENT

Open to students in Year 9

Do you have a passion for working with animals and want to know more about how you could turn this into a career?

Ideal for pupils in Year 9 with enthusiasm and an interest in pursuing an animal science-based subject as a career. This experience will provide opportunities to engage, explore and get 'hands on' with key areas in this field including animal management, handling, feeding, grooming and accommodation, as well as wildlife conservation, equine and livestock.

Sign up here: [Animal Experience Day](#)
