

Policy/Procedure creator: Fiona Brown

Policy/Procedure created/reviewed: 07/11/2022

Centre Name	Cheltenham Bournside School
Centre Number	57309
Date policy first created	12/10/2019
Current policy approved by	Karen Hanley
Current policy reviewed by	Karen Hanley
Date of next review	01/11/2023

Key staff involved in the policy

Role	Name
ALS lead/SENCo	Rob Mudge/Vanessa Weir
Exams officer	Fiona Brown
Senior leader(s)	Steve Jefferies
IT manager	Jonathan Wood
Other staff (if applicable)	Karen Hanley, BTEC Quality Nominee; Deborah Harvey, Exams Assistant

This policy is reviewed and updated annually on the publication of updated JCQ regulations.

References in this policy to **AA** and **ICE** relate to/are directly taken from the JCQ publications **Access Arrangements and Reasonable Adjustments** and **Instructions for conducting examinations**.

Introduction

The use of a word processor in exams and assessments is an available access arrangement/reasonable adjustment.

The purpose of an access arrangement/reasonable adjustment is to ensure, where possible, that barriers to assessment are removed for a disabled candidate preventing him/her from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties.

The following principles are applied to access arrangements at Cheltenham Bournside School:

- The purpose of an access arrangement/reasonable adjustment is to ensure, where possible, that barriers to assessment are removed for a disabled candidate preventing them from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties. The integrity of the assessment is maintained, whilst at the same time providing access to assessments for a disabled candidate. (AA 4.2.1)
- Although access arrangements/adjustments are intended to allow access to assessments, they are not granted where they will compromise the assessment objectives of the specification in question. (AA 4.2.2)
- Candidates may not require the same access arrangements/reasonable adjustments in each specification. Subjects and their methods of assessments may vary, leading to different demands of the candidate. ALS leads/SENCOs must consider the need for access arrangements/reasonable adjustments on a subject-by-subject basis. (AA 4.2.3)
- The Additional Learning Support lead/SENCO must ensure that the proposed access arrangement/reasonable adjustment does not unfairly disadvantage or advantage a candidate. (AA 4.2.1)
- The candidate must have had appropriate opportunities to practice using the access arrangement(s)/reasonable adjustments before his/her first examination. (AA 4.2.7)

Purpose of the policy

This policy details how Cheltenham Bournside School complies with AA, chapter 4 (Managing the needs of candidates and principles for centres), section 5.8 (Word processor) and ICE, sections 14.20-27 (Word processors (computers, laptops and tablets) when awarding and allocating a candidate the use of word processor in examinations.

The term 'word processor' is used to describe for example, the use of a computer, laptop or tablet.

The criteria Cheltenham Bournside School uses to award and allocate word processors for examinations and assessments

- The 'normal way of working' for exam candidates, as directed by the head of centre, is that candidates handwrite their exams unless there are exceptions

EXCEPTIONS

A candidate may be awarded the use of a word processor in examinations where:

- the candidate may have an approved access arrangement in place, for example the use of a scribe/speech recognition technology
- the candidate has a firmly established need, it reflects the candidate's normal way of working and by not being awarded a word processor would be at a substantial disadvantage to other candidates

Cheltenham Bournside School will:

- allocate the use of a word processor to a candidate with the spelling and grammar check facility/predictive text disabled (switched off) where it is their normal way of working within the centre (AA 5.8.1)
- award the use of a word processor to candidates where appropriate to their needs (AA 5.8.4)

For example, a candidate with:

- a learning difficulty which has a substantial and long-term adverse effect on his/her ability to write legibly
- a medical condition
- a physical disability
- a sensory impairment
- planning and organisational problems when writing by hand
- poor handwriting

(This list is not exhaustive)

- only permit the use of a word processor where the integrity of the assessment can be maintained (AA 4.2.1)
- not grant the use of a word processor where it will compromise the assessment objectives of the specification in question (AA 4.2.2)
- consider on a subject-by-subject basis if the candidate will need to use a word processor in each specification (AA 4.2.3)
- process access arrangements/reasonable adjustments at the start of the course, or as soon as practicable having firmly established a picture of need and normal way of working, ensuring arrangements are always approved before an examination or assessment (AA 4.2.4)
- provide the use of word processors to candidates in non-examination assessment components as standard practice unless prohibited by the specification (AA 5.8.2)

Cheltenham Bournside School will not:

- simply grant the use of a word processor to a candidate because he/she now wants to type rather than write in examinations or can work faster on a keyboard, or because he/she uses a laptop at home (AA 5.8.4)

Additionally the use of a word processor would be considered for a candidate:

- in the event of a temporary injury or impairment, or a diagnosis of a disability or manifestation of an impairment relating to an existing disability arising after the start of the course (AA 4.2.4)
- where the curriculum is delivered electronically and the centre provides word processors to all candidates (AA 5.8.4)

Other centre specific information relating to the use of a word processor:

Not Applicable

Arrangements at the time of the assessment for the use of a word processor

A candidate using a word processor is accommodated as follows:

- Usually, a candidate who is using a word processor will be in the main exam venue with the main cohort.
- Where other Access Arrangements exist, they may be seated in a separate room to the main cohort.

In compliance with the regulations, Cheltenham Bournside School:

- provides a word processor with the spelling and grammar check facility/predictive text disabled (switched off) unless an awarding body's specification says otherwise (ICE 14.20)
- An external battery charger will be available to all students using a word processor.
- ensures the candidate is reminded to ensure that the centre number, candidate number and the unit/component code appear on each page as a header or footer e.g. 12345/8001 – 6391/01 (ICE 14.22)
- if a candidate is using a software application that does not allow for the insertion of a header or footer, once the candidate has completed the examination and printed off their typed script, he/she is instructed to handwrite their details as a header or footer; the candidate is supervised

throughout this process to ensure that he/she is solely performing this task and not re-reading their answers or amending their work in any way (ICE 14.22)

- ensures the candidate understands that each page of the typed script must be numbered, e.g. page 1 of 6 (ICE 14.23)
- ensures the candidate is reminded to save his/her work at regular intervals (or where possible, an IT technician will set up 'autosave' on each laptop/tablet to ensure that if there is a complication or technical issue, the candidate's work is not lost) (ICE 14.24)
- instructs the candidate to use a minimum of 12pt font and double spacing to make marking easier for examiners (ICE 14.24)

Cheltenham Bournside School will ensure the word processor:

(ICE 14.25)

- is only used in a way that ensures a candidate's script is produced under secure conditions
- is not used to perform skills which are being assessed
- is in good working order at the time of the exam
- is accommodated in such a way that other candidates are not disturbed and cannot read the screen
- is used as a typewriter, not as a database, although standard formatting software is acceptable
- is cleared of any previously stored data
- does not give the candidate access to other applications such as a calculator (where prohibited in the examination), e-mail, the Internet, social media sites, spreadsheets
- does not include graphic packages or computer aided design software unless permission has been given to use these
- does not have any predictive text software or an automatic spelling and grammar check enabled unless the candidate has been permitted a scribe or is using speech recognition technology (a scribe cover sheet must be completed), or the awarding body's specification permits the use of automatic spell checking
- does not include computer reading (text to speech) software unless the candidate has permission to use a computer reader
- does not include speech recognition technology unless the candidate has permission to use a scribe or relevant software
- is not used on the candidate's behalf by a third party unless the candidate has permission to use a scribe

Portable storage medium

Cheltenham Bournside School will ensure that any portable storage medium (e.g. a memory stick) used:

(ICE 14.25)

- is provided by the centre
- is cleared of any previously stored data

Printing the script after the exam has ended

Cheltenham Bournside School will ensure:

(ICE 14.25)

- there is the facility nearby or in the exam room to print from the laptop or a portable storage medium.
- the candidate is present to verify that the work printed is his/her own
- a word processed script is attached to any answer booklet which contains some of the answers

- where an awarding body may require a word processor cover sheet, this is included with the candidate's typed script (and according to the relevant awarding body's instructions) (ICE 14.26)
- All students using a word processor must be present for the printing of their work and check each page has a suitable header and that all their work has been printed. They must stay with a member of the Exams Team until this has happened.

Cheltenham Bournside School:

- may retain electronic copies of word processed scripts as the electronic copy of a word processed script may be accepted by an awarding body where the printed copy has been lost. However, the centre would need to demonstrate to the awarding body that the file has been kept securely. The head of centre would be required to confirm this in writing to the awarding body (ICE 14.27)

Other centre specific information relating to arrangements at the time of the assessment:

Not applicable

Allocating word processors at the time of the assessment

Appropriate exam-compliant word processors will be allocated by:

- the Exams Department in liaison with the SENCo and the IT department.

In exceptional circumstances where the number of compliant word processors may be insufficient for the cohort of candidates approved to use them in an exam session:

- the cohort will be split into two groups
- one group will sit the exam earlier than or later than the awarding body's published start time
- the security of the exam will be maintained at all times and candidates will be supervised in line with section 7.2 of ICE

Other centre specific information relating to allocating the use of a word processor:

This policy refers to all GCEs, GCSEs, BTECs, Cambridge Nationals or Cambridge Techs, Functional Skills and any other public examinations our students are entered into.

CHANGES 2022/2023

(Removed) **Statement** at the end of the document as this is no longer a requirement in JCQ regulations (**Access Arrangements and Reasonable Adjustments**, section 5.8). Re-ordered the content previously contained within the statement to meet the changed requirement in section 5.8 which now states: A member of the centre's senior leadership team must produce a word processor policy, specific to the centre, which details the criteria the centre uses to award and allocate word processors for examinations and assessments. This policy must be available for inspection.

Under **Arrangements at the time of the assessment for the use of a word processor**: (under ICE 14.25)

(Removed) is not connected to an intranet or any other means of communication

(Changed) does not give the candidate access to other applications such as a calculator (where prohibited in the examination), spreadsheets etc. (To) does not give the candidate access to other applications such as a calculator (where prohibited in the examination), e-mail, the Internet, social media sites, spreadsheets

(Added) does not include computer reading (text to speech) software unless the candidate has permission to use a computer reader

Under **Printing the script after the exam has ended**:

(Changed) ICE reference against - where an awarding body may require a word processor cover sheet, this is included with the candidate's typed script (and according to the relevant awarding body's instructions) to (ICE 14.26)

(Added) The change in ICE - ...may retain electronic copies of word processed scripts as the electronic copy of a word processed script may be accepted by an awarding body where the printed copy has been lost. However, the centre would need to demonstrate to the awarding body that the file has been kept securely. The head of centre would be required to confirm this in writing to the awarding body. (ICE 14.27)
