

## Year 11 chemistry work for school closure

### Hour 1-4 :

Read through all the sections on Chemguide about Bonding:

<https://www.chemguide.co.uk/atoms/bondingmenu.html#top>

Take notes to summarise each section.

### Hours 5-6:

Choose one of the sections from the Bonding menu from above to produce a powerpoint presentation to explain the section in more detail. Use of sources of information from books and the internet to research your chose topic and produce your presentation. Aim to have at least 10 slides to cover your topic.
