

Year 11 chemistry work for school closure

Hour 1-4 :

Read through all the sections on Chemguide about Chemical Structures:

<https://www.chemguide.co.uk/atoms/structsmenu.html#top>

Take notes to summarise each section.

Hours 5-6:

Choose one of the sections from the Structures menu from above to produce a powerpoint presentation or poster to explain the section in more detail. Use sources of information from books and the internet to research your chose topic and produce your presentation/poster. Aim to have at least 5 slides/1 A3 sheet to cover your topic.
